Subject: [EXTERNAL] Byhalia Pipeline

To whom it may concern:

Especially considering the ages of the majority of the constituents in Boxtown, I find it unethical to run potentially hazardous pipelines through this neighborhood. Even the idea of this is predatory. The lack of proper representation has likely been a factor in the fact that this idea has gone this far. Greed gets people nowhere. Money can be made elsewhere.

My family was raised in Boxtown. I was raised in Boxtown. In fact, my family still lives there, and I plan to return. This is our land, and we deserve a say in the matter. Please do not permit this act which will allow greedy corporations to move any further into our home and destroy this historical land we love.

Thank you,
